DATING

BANK RICHER TODAY.

The Bailey Brothers Have Turned
All Their Property Over to
the First National.

HAVE NO PROPERTY LEFT.

\$10,000 Was Thereby Added to
the Assets of the First National Bank.

Asked if there were any new developments in the situation of the defunct First National bank today, Mr. Caldwell, the National bank examiner said:

"I have succeeded in securing the transfer of property to the bank by deed today, aggregating about \$10,000 in value to secure the debts of James Bailey to the bank.

"The property transferred includes James Bailey's residence worth \$5,000, thirty lots in Clarkdale, near Chicago, worth \$2,000 and property held by Mrs. S. A. Bailey on Territorial street, worth \$2,000.

"The above property is not encumbered in any way and represents all that the Baileys claim to own, excepting the house of S. A. Bailey which is mortgaged for about as much as it is worth."

From the above it will be noticed that the Bailey brothers will come out of the wreck poor men having put up all their property to protect the interests of the people who put their confidence in them. Even Mrs. S. A. Bailey decided over her property to make good the debts of her husband's brother.

Mr. Caldwell has not heard from the receiver but expects his arrival in a day or so.

UNWELCOME GUESTS.

Government Steamers Dahlia and Calumet in Port.

The government steamers Dahlia and Calumet arrived in port at St. Joseph this afternoon.

The visit of the Calumet here last summer resulted in a long list of fines on the steamboat owners and the presence of the two visitors was not welcomed with a brass band.

EDUCATIONAL MATTERS.

How Pupils and Teachers in Public Schools are Occupied.

The Mandolin club furnished music for the high school one day last week. The ungraded room is nicely settled in the basement of the Congregational church.

The first and second grades at the Central are now relieved as to numbers and it is expected that work will be in better shape speedily. All first and second grade teachers will meet at the first grade room at the Central building, Thursday afternoon at 4 p. m. These meetings will be held from time to time for the purpose of unifying and advancing the work. Work generally in the schools is very satisfactory.

PASSENGER TRAIN WRECK.

Narrowly Avoided on the West Michigan Last Night.

A collision between a passenger train and a box-car on the West Michigan railway a mile south of St. Joseph was averted last night by a very narrow margin. Passengers were terrified when they learned of their narrow escape and trainmen shook hands with themselves after it was all over.

The West Michigan has made a business this season of setting out empty cars at Summit, a siding two miles south of St. Joseph, for the benefit of the fruit growers who stored their farm products in the cars during the day and at night the St. Joseph yard engine would run out and pick up the loaded cars.

Last night the yard engine was returning to St. Joseph with a train of cars procured at Summit and a defective coupling permitted one of the cars to detach itself one mile south of St. Joseph. The absence of a car was not discovered until the engine reached the city. It was then too late to undertake to get the car before the north bound passenger train, due in a few minutes, arrived.

By hurried work the telegraph operator at St. Joseph succeeded in warning Stevensville of the danger before the passenger train left that station, and thus a calamity was averted. The engineer was on the lookout for the detached car and thus avoided a collision. The passenger train pushed the car ahead to St. Joseph.

McKinley in Massachusetts.

ADAMS, Mass., Sept. 22—President McKinley and party arrived in Adams early this morning.

The four-months old son of Mr. and Mrs. L. Barker, Benton Harbor, died last night of brain trouble. The funeral will be held from the home of Mr. Barker.

THE WEATHER.

WILL GO TO NAPANEE.

Milwaukee, Benton Harbor & Columbus Railroad Has Issued Bonds for \$900,000.

WILL USE MONEY TO EXTEND.

The Road Will Tap a New Territory in Indiana and Connect With the B. & O.

In the Chicago Tribune of this morning appeared the following special from South Bend:

"A mortgage of \$900,000 has been executed by the Milwaukee, Benton Harbor & Columbus railway company of New York to secure the issue of 900 \$1,000 consolidated bonds for the purposes of securing funds with which to complete the construction of the road from Benton Harbor to Nappanee, Ind., and stock the same. The bonds run fifty years at 5 per cent."

When the proposed extension is completed the Benton Harbor road will be 75 miles long and it will open up a new country in Indiana as well as in Michigan not at present enjoying railroad facilities. At Buchanan the new road will cross the Michigan Central, at South Bend the Lake Shore and Grand Trunk, near Woodland the Wabash and at Nappanee will connect with the Baltimore & Ohio.

The more that President Patterson unfolds the plans of his railroad the more Benton Harbor rejoices because she secured the enterprise.

MORTON THE MAN.

He will be the Custodian of the B. H. E. R. R. Safe.

H. D. Deam and Messrs. Davies, Hamilton and Hollis have agreed upon a man to take charge of the safe and books of the Benton Harbor Electric Railway company. That man is Stanley J. Morton.

Mr. Morton is out of the city and may not return in two or three days. In the meantime the safe will remain locked. The Davies faction are willing to wait until Mr. Morton returns although, upon their request Judge Coolidge Saturday made an order that Deam open the safe within two days, the last day having expired yesterday. Deam was opposed to Dr. John Bell having the custody of the company's books, for the reason that he is said to be interested in other railroads. Mr. Morton is satisfactory to both factions and if he will accept the position the court will appoint him to take charge of the safe and records and Deam will give him the safe's combination.

A PERFECT OVATION.

It Was Given Rev. W. P. French
On His Return Yesterday
Afternoon.

VISITORS AT THE PARSONAGE.

Complete List of the Appointments
Made for the New Niles Dis-
trict.

When it was known here yesterday afternoon that Rev. W. P. French had been returned to the pastorate of the First Methodist church here there was joy among the local Methodists as well as the people of the entire city.

Mr. French returned from conference on the Big Four afternoon train and from that time on there was a string of visitors at the parsonage who offered their congratulations to the pastor and themselves.

There was some talk at conference of putting Rev. Mr. Thompson, of the Central church at Lansing on a district and in that case the Lansing church, the best paying church in the conference, was on hand to demand the services of Mr. French. But Mr. French was as loyal to Benton Harbor as Benton Harbor is to him.

NEW PASTORS.

List of Those Appointed for the
Niles District.

POSTPONED ONE WEEK.

Firemen Will Not Have Exhibition
Until Oct. 1.

The members of the fire department had planned to give an exhibition next Friday, but the work entails greater preparations than at first was deemed necessary and the exhibition has been postponed until Friday, October 1.

At that time the city officials and citizens will be invited to review the work of the firemen and inspect the apparatus. Contests between hose companies Nos. 1 and 2 will be pulled off and an exhibition of throwing water and otherwise illustrating the use of the apparatus will be given.

The Agricultural College Record says that the present indications are that the sugar beet experiments on the farm will be some disturbed by the presence of a serious disease which has made its appearance in the crop. It is a fungous disease, called the spot disease of beets or cercospora beticola. It is still gaining ground and will, to say the least, greatly lessen the crop.

Editor Smiley of the Galesburg Enterprise has given up his editorial column with this parting comment: "The newspapers of the present time ingloriously hang on to the coat tail of public opinion instead of trying to formulate it, as in former times. The editorial columns of the papers today, both great and small, are simply mush. Except for a certain amount of freedom upon political subjects, the modern editor gracefully straddles every fence he comes to."

Patience and Endurance.

Women Endure Pain and Suffering
That Can Be Avoided.

Two great virtues eulogized in History and Poetry as qualities that command universal admiration and praise. We read of the patience and endurance of the Christian martyrs who died for the cause they espoused, and History abounds with countless chapters devoted to the memory of Heroes of the past who endured the severest hardships and privation in their efforts to free their people from tyranny and oppression.

To give up life in preference to liberty is commendable, but where loss of liberty is not the alternative, how foolish to endure pain and suffering that can easily be avoided. Thousands of women who suffer look upon life as a weary burden and feel that they are martyrs to Duty when it is not absolutely necessary. The dull dragging pain and tortures endured by scores of girls, wives, and mothers caused by those distressing derangements commonly called "Female Complaints" are unnecessary if the proper methods are adopted to obtain a cure.

MAGNOLIA BLOSSOM, Nature's remedy for women, enables them to treat themselves in the privacy of their own homes. It is a mild healing Agent that is applied directly to the parts affected (thus avoiding taking strong nostrums into the stomach that so often impair and ruin the digestive organs) a popular and speedy cure for Leucorrhoea, Inflammation, Congestion and Falling of the Womb, any derangement of the Menstrual troubles, Tumors and cancers. It cures them all without the Physician's help.

Ask your Druggist for MAGNOLIA BLOSSOM. If he does not keep it take no other, but send direct to the Company for it. Price one dollar for a box containing one month's treatment.

Their book entitled "A Book for Women" with circulars and testimonials sent FREE by mail to any address. Write to

SOUTH BEND REMEDY CO., South Bend, Ind. All letters are opened, read and answered by women. Letters requesting medical advice are referred to their Lady Physician and all correspondence treated with strictest confidence.

DEFENSE OF REV. DIVINE.

Holland Paper Defends the Buch-
anan Pastor.

Holland Sentinel: The M. E. conference at Kalamazoo is trying three of its ministers. Among them is the Rev. Divine, of Buchanan. Mr. Divine's wife became violently insane and in her madness she made her husband the target for her imaginary wrongs. She was taken to the asylum and it is said the husband did all in his power to restore her to health and reason, but without avail. Out of this event petty suspicions were magnified and the conference has a case against him. It is right to proceed against a minister when there is a just cause, but many a minister has found less charity among his brethren than among any other class in the world. Many such trials are simply persecution. There is no Christ in them. They are acts of tyranny.

ABOUT THE COUNTY.

Fair Plain.

FAIR PLAIN, Sept. 22.—Miss Myra Merry went to Albion Monday for another year's study in college.

The cool weather for the past few days has sent most of the summer boarders out of Fair Plain.

"Uncle Tom's Cabin."

Standard books are ever welcome when they come to us in bindings representing all the embellishments of the art of bookmaking. Such a book is the art memorial edition of "Uncle Tom's Cabin," published by the Dominion company, Chicago, a copy of which has just come to our desk. This edition of Harriet Beecher Stowe's immortal work which has drawn from the heart of humanity a deeper sympathy for the lowly and filled the eye with more tears of compassion as well as mirth than any other book ever published, and which has had a wider sale than any other book of the century, excels all former editions in the beauty of its binding, the richness and number of its illustrations, the quality of paper and clearness of its print. As this edition will be sold by subscription only and at a popular price, and as the publisher has a known reputation for fair dealing and liberality toward agents, an agency for it in this community will mean a good business for the one fortunate enough to secure it. Any reader interested should write the company at once for full information.

CHICAGO, Sept. 22.—The grand jury that indicted the late Mayor of Chicago, has returned its verdict. The jury found the Mayor guilty of the crime of bribery, and sentenced him to the State Prison for five years. The jury also found the Mayor guilty of the crime of conspiracy, and sentenced him to the State Prison for five years. The jury also found the Mayor guilty of the crime of obstruction of justice, and sentenced him to the State Prison for five years.

WEDNESDAY, SEPT. 22, 1897.

ALDERMAN Mangler, of Chicago, has been indicted by the grand jury that indicted the late Mayor of Chicago, for the crime of bribery. The jury found the Mayor guilty of the crime of bribery, and sentenced him to the State Prison for five years. The jury also found the Mayor guilty of the crime of conspiracy, and sentenced him to the State Prison for five years. The jury also found the Mayor guilty of the crime of obstruction of justice, and sentenced him to the State Prison for five years.

The Palladium has evidently quit its abuse of THE NEWS and now only tells simple lies which are to thin as to stagger the belief of childhood. This paper has no delight in showing up a fading rival and the best course for our neighbor is to keep serene and quiet.

THE Michigan Methodist conference in the past year paid out \$50,000 for the cause of missions. When it is known that the Methodists of Michigan are divided into two general conferences of about equal size the magnitude of the work of that church may be somewhat understood.

THE fact that the common council is again figuring with W. W. Bean for street lights calls to the public attention the need of a municipal lighting plant. The city can make its own lights at a great saving and the council and mayor who introduce the system will have the thanks of the people. Taxpayers are tired of paying exorbitant prices for street lights.

DURING the past year a Methodist minister of Berrien county was reported to Presiding Elder Carlisle because he attended a wicked ball game. At the Kalamazoo conference in rebuke to such religion Bishop Vincent said to the young ministers: "Don't get so sickly that you can't play a game of base ball or ride a bicycle; that's too much like piety run to seed. I have no sympathy with a religion of happiness. I want a religion of reality."

A YEAR or so ago when public meetings of the board of trade were held in the interests of the St. Joseph Valley road it was argued that a railroad only between Benton Harbor and Buchanan could not be successfully operated. At that time J. P. Thresher met the argument by declaring that railroad systems were not built, but that they grew. It is a matter of satisfaction that even before the road is finished to Buchanan it has begun to grow. The position of Mr. Thresher is vindicated.

Early American Bishops. Before the war for American independence the American Episcopalians, who were connected with the English church, were never suffered to have a bishop among them, but remained under the jurisdiction of the bishop of London. The rite of confirmation was unknown, and every candidate for ordination was obliged to travel to England. Out of 53 candidates who came from America for ordination in 1767 10 died on the voyage. At length, after the United States had been declared independent, Dr. Seabury was ordained bishop of Connecticut by the primates and bishops of Scotland, the prelates of the English church having refused to consecrate him.—London News.

A whistling moth is an Australian rarity. There is a glassy space on the wings crossed with ribs. When the moth wants to whistle, it strikes these ribs with its antennae, which have a knob at the end. The sound is a love call from the male to the female.

The leaders of a flock of migrating wild geese become tired sooner than others and are frequently relieved by their fellows.

STATE OF OHIO, CITY OF TOLEDO, Lucas County. FRANK J. CHENEY makes oath that he is the senior partner of the firm of F. J. CHENEY & CO., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH CURE. FRANK J. CHENEY. Sworn to before me and subscribed in my presence, this 8th day of December, A. D. 1896.

A. W. GLEASON, Notary Public. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces of the system. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

Notice to Order for \$1.25. The undersigned, the maker, is now preparing the trial of the people of the State of Ohio, and will call the people of the State of Ohio to the trial of the people of the State of Ohio.

CHICAGO, Sept. 22.—The grand jury that indicted the late Mayor of Chicago, has returned its verdict. The jury found the Mayor guilty of the crime of bribery, and sentenced him to the State Prison for five years. The jury also found the Mayor guilty of the crime of conspiracy, and sentenced him to the State Prison for five years. The jury also found the Mayor guilty of the crime of obstruction of justice, and sentenced him to the State Prison for five years.

The color line has been drawn in Alton, Ill., and negro children are now taught in schools separate from those for white children. Letters received at West Salem, Wis., from Representative Griffin notify those interested that Joseph Parmlee will be appointed postmaster of that place.

Hugh Murphy, a conductor on the Wisconsin and Chippewa railroad, fell from a car while switching in the Tomahawk, Wis., yards and was killed instantly. Ed Hough is in jail at Burlington, Wis., charged with counterfeiting. A set of dies for making 10-cent pieces which are supposed to belong to him were found in a woodshed.

A Rock Island passenger train and Union Pacific stock train collided near Muncie, Kan., and Engineers J. W. Scarf, of Kansas City, and Charles Goodall, of Chicago, were badly injured. Henry Pohlmann, while hunting at Watertown, Wis., received the contents of a double-barreled shotgun in his right thigh. He was climbing over a fence, when the trigger got caught, discharging the gun.

Irus Coy, solicitor for the Union stock yards, Chicago, is dead. He was an ex-representative in congress, member of the state board of agriculture and trustee of the Forty-first Street Presbyterian church. Herman Fry, a farmer near Cumberland, Wis., has lost his house and all its contents by fire. A keg of powder and a quantity of dynamite were in the house and exploded just as the occupants were leaving.

It is said a bomb was exploded at the Buda Pesth railway station just after the emperors of Germany and Austria-Hungary had met there. No one was injured and officials tried to suppress all news of the occurrence. Considerable excitement is felt at Baraboo, Wis., over the disappearance of Verona Quitsch, a girl 17 years of age. About a week ago she began to learn typesetting and worked two days. Since then nothing has been seen or heard of her.

The Very Latest. Having returned from Chicago, Cleveland and Grand Rapids with the very latest styles in fall and winter millinery goods I would be pleased to have the ladies of the twin cities remember my grand millinery opening the last of this week. A "Dead" Man Tells His Story.

HOWARD CITY, MICH., July 21, 1897. To Drs. B. S. & Co. GENTLEMEN:—I am the dead man that came to see you three years ago last February. At that time I was about in my grave. No one that knew me ever thought that I would ever be any better. My kidneys, liver and lungs were all affected, also my digestive organs, producing heart trouble hence I was about done up and felt so. I did not think there was help for me, but as it is said a dying man will catch at a straw, I tried Drs. B. S. & Co. as a last resort and today am all o. k. on my feet again and have taken up wheat from a good man without trouble this harvest. I raked and bound and kept up as of old. Who would believe it? No one who did not see me, for I was considered a dead man, or so to speak, when I first saw Dr. Booth. I am 64 years old and I called on Dr. Booth today, walking eight miles to see him, and am going to walk back this p. m., making 16 miles of walk today. I always like to see Dr. Booth and I feel he saved my life, hence I make this long walk. Will answer any questions that anyone wishes to ask about Drs. B. S. & Co., or their treatment. My address is Amble. W. T. CARR. These renowned physicians will visit St. Joseph, Lake View hotel, Tuesday, Sept. 21; Benton Harbor, Hotel Benton, Wednesday, Sept. 22; Watervliet, Wolcott house, Thursday, Sept. 23, forenoon; in the private parlor of the hotels.

Standard books are ever welcome when they come to us in bindings representing all the embellishments of the art of bookmaking. Such a book is the art memorial edition of "Uncle Tom's Cabin," published by the Dominion company, Chicago, a copy of which has just come to our desk. This edition of Harriet Beecher Stowe's immortal work which has drawn from the heart of humanity a deeper sympathy for the lowly and filled the eye with more tears of compassion as well as mirth than any other book ever published, and which has had a wider sale than any other book of the century, excels all former editions in the beauty of its binding, the richness and number of its illustrations, the quality of paper and clearness of its print. As this edition will be sold by subscription only and at a popular price, and as the publisher has a known reputation for the quality and liberality of its editions, it is a book that every family should possess.

Men Who Carried Insurance Get Prompt Returns.

Phoenix Accident & Sick Benefit Association—Gentlemen:—I received today through your secretary, L. O. Chatfield, a check for \$72, payment in full for my claim. To say that I am well pleased with the manner in which you have treated me but faintly expresses my gratitude. The nine weeks that I was compelled to lay off from my work on account of the injury to my hand is evidence to me that any man who labors for his living does not use good judgment when he undertakes to carry his risk himself rather than place it with your association. The check I have received from you today, will pay my insurance for six years. Wishing your association the success it deserves believe me
Very truly yours,
D. A. WILY.

Phoenix Accident & Sick Benefit Association, Benton Harbor, Dear Sir:—Please accept my thanks for the prompt manner in which you settled my claim of \$15.72 as full payment for my sickness caused by having the measles. I most heartily recommend your association to any one desiring protection in a reliable company.

Judge Lynch to Make Probe into the Facts of the Shooting at Lattimer, Pa.

SIXTY-FOUR MEN BEFORE COURT.

Lawyer for the Prosecution Quite in Disgust After Taking a Whack at General Gobin—Summary of the Testimony—Illinois Miners' Convention Fixes Prices Based on Gross Weight and a Full Year's Contract—Anthracite Strike Seems a Thing of the Past.

Wilkesbarre, Pa., Sept. 22.—Sheriff Martin and his sixty-four deputies were given a preliminary hearing before the court yesterday, charged with the killing of twenty-four striking miners near Lattimer on Friday, Sept. 10. The deputies were brought up from Hazleton under military escort. A large crowd met them at the station, but they proceeded unmolested to the court house. Judge Lynch and Bennett presided. Judge Lynch announced that the judges would sit as justices of the peace to hear testimony in the case. John M. Gorman opened for the prosecution and stated that he was employed to investigate the shooting at Lattimer and inquire if the sheriff and his deputies were justified in killing twenty-four men. He began by referring to "Dictator" Gobin, who refused to allow the deputies to be arrested when warrants were issued ten days ago. The attorney also referred to Coroner McKee being a major in the Ninth regiment, to his manner of procedure in the arrest of the deputies and to his bringing them here surrounded by a military company with guns and bayonets.

German Quite in Disgust.

Gorman then made a motion asking that the warrants of "Squire" Gorman be given the preference and that the deputies be remanded to the regular officers of the law. Judge Lynch replied that the judges did not act hastily but issued the warrants after due deliberation. The judge said that this hearing has nothing to do with the conduct of General Gobin. The court said the witnesses who were not present should be brought in, and that the hearing could be proceeded with such witnesses as were present. Attorneys Gorman and McGahren then notified the court that they would withdraw from the case. District Attorney Fell then took charge. Sheriff Martin was seated at the defendant's table, surrounded by three lawyers.

Tells How He Saw the Shooting.

John Walsh, of Hazle township, was the first witness. He said he saw the strikers coming and went out to meet them and to see what would happen. Some of the men carried clubs. Witness told them to throw away their clubs and they did so. Walsh said he got on a car and started for Lattimer. He heard one of the deputies named Turnbach say: "I don't know what the sheriff means by taking us around like this without ordering us to shoot." He said the deputies got off the car near Lattimer. The strikers came up and witness saw Deputy Hess grab one of the strikers and cry "Halt." There was a scuffle and some one cried "Fire." There was one shot, then another, and then a volley. The deputies kept on shooting as the men ran away. He said the firing lasted about five minutes.

Two Other Witnesses Saw Differently.

Jonathan Lichensberger, a Hazleton contractor, was the next witness. He said he was standing about 150 yards from the strikers when the trouble began. He saw Sheriff Martin approach the men. The sheriff had a paper in his hand, which he read. After reading the proclamation he ordered the crowd to go back. Then they had a scuffle with him. He drew a revolver, but some one grabbed his wrist and held up his hand so that he could not do anything. Then the shooting began.

Charles Gussrott, a school teacher of Lattimer, testified to seeing Sheriff Martin scuffle with the strikers. His testimony was much the same as the preceding witness.

All the Deputies Held in Jail.

At the conclusion of Gussrott's testimony the judges, after a consultation with District Attorney Fell, held all the deputies in \$4,000 each until the hearing is concluded. Joseph A. Sinn, trust officer of the City Trust Safe Deposit and Surety company, of Philadelphia, qualified as bondsman in the sum of \$250,000. After bail had been furnished, a recess was taken until 2:30. Several witnesses were examined in the afternoon, but the testimony was merely corroborative of previous witnesses. Not a single witness has testified to hearing the sheriff give the order to fire.

Grange

Found in Ruins of a Burned Barn.

Fire on the Farm of Richard Gross.

The barn of Richard Gross in Bala-tage township, a mile and a half from Benton Harbor, burned to the ground last night.

There was great excitement in the neighborhood this morning when the charred skeleton of what seemed a human form, with the legs burned off, was discovered in the ruins.

Diligent inquiry was made but no one in the neighborhood is missing. Mr. Gross expected a man to arrive to look for him today and his non-arrival led to the belief that he arrived last night and to save disturbing the family slept in the barn.

Some believe the body is that of a tramp, who sat the hay adre while smoking and then fell asleep.

The loss is \$1,200, insured for \$500. Mr. Gross was able to get his horses from the burning building.

CHANGED THE ENTRIES.

Cashier Struble of Shepard Did Crooked Work.

SHEPARD, Sept. 22—Some startling disclosures were brought out in the evidence at the Struble inquest. It was shown from the bank records that the dead cashier at different times had made sham entries of deposits in his books amounting to nearly \$34,000, and but for these fictitious deposits, the books would have shown a deficit in the bank. During most of the time when these figures were on the books, Struble's funds at the bank were very low, seldom over \$50, and some times nothing. Prosecuting attorney McManis testified that all of Struble's private papers were missing. The evidence was decidedly in favor of the suicide theory, although the attorneys of the dead man's relatives still promise some conclusive evidence in support of murder.

A SCURVY TRICK.

St. Joseph Police Officers Send Paupers to This City.

Last evening Mrs. George M. Brant, with four children, arrived in St. Joseph from Whitehall, Ark. She was destitute and was trying to reach friends at Kent Station near Grand Rapids. She asked a St. Joseph police officer where the mayor of the city lived that she might apply for assistance.

The officer told her that the mayor's name was John Ball and that he lived in Benton Harbor. "He is mayor of both cities," said the officer, "and you will probably find him in his office if you go at once to Benton Harbor." The deluded woman with her four infants and 50 pounds of baggage started out to trudge her way to this city. She was overtaken by a teamster and conveyed the remainder of the way here, being left at the city hall. She hunted out Mayor Ball and was turned over to Poormaster Rowe.

It was not a case that properly came within the jurisdiction of Mr. Rowe, the county being responsible for the care of such persons. Mr. Rowe communicated with one of the superintendents of the poor and was advised to send the woman to her destination at the expense of the county. Although the case cost the city nothing it was a despicable trick of the St. Joseph authorities to send the woman here.

A Calf Story.

A farmer reader sends in the following for publication: A man pastured a calf for his neighbor until the bill amounted to the price of the calf. The owner called one day and asked: "Well, what about the calf?" "I have been thinking about it," was the reply, "and have concluded that if you let me keep the calf we'll call it square." The owner studied over the matter a few minutes and said: "I won't do that, but I'll tell you what I will do; if you keep the calf two weeks longer you can have it."

The South Haven morning boat service has been discontinued.

"Pray, take my seat."
"Thank you, sir," she replied as she started to sit down. Conversation was dropped upon the faces of the two richly clad women as they tried to edge away to make the space wider. It was too late, for the heavy woman crashed into the seat and came in contact with the other women. There were the noise of crumpling cloth and the swish of skirts as the two women tried to move from the weight pinning part of their dresses down. It was a scramble to give the heavy woman enough room, and all dignity was lost. The passengers smiled, and some more so than the small man, who had had his revenge.—New York Commercial.

Marie Antoinette's Books.

The unhappy Queen Marie Antoinette possessed an important library of 4,713 volumes, consisting of plays and romances, little books a la mode, the works of Pascal, Bossuet, Fenelon, Bourdaloue, Massillon, Boileau, Corneille, Racine, Moliere, Voltaire and many others. She loved music passionately and had a large collection of operas in 89 numbers. The bindings were by Blainot and were uniform in red morocco, with the arms of France and Austria stamped upon them. The execution of the work was poor, and the decadence in the art of binding evident. The glories of the art of Padeloup and the Deromes had passed away, and the revolution effectually killed whatever knowledge remained of the ancient skill of the bookbinders. Half a century later saw its revival in France, and the art has since flourished both there and on English soil.—Gentleman's Magazine.

\$10,000 Was Thereby Added to
the Assets of the First National Bank.

Asked if there were any new developments in the situation of the defunct First National bank today, Mr. Caldwell, the National bank examiner said:

"I have succeeded in securing the transfer of property to the bank by deed today, aggregating about \$10,000 in value to secure the debts of James Bailey to the bank.

"The property transferred includes James Bailey's residence worth \$6,000, thirty lots in Clarkdale, near Chicago, worth \$2,000 and property held by Mrs. S. A. Bailey on Territorial street, worth \$2,000.

"The above property is not encumbered in any way and represents all that the Baileys claim to own, excepting the house of S. A. Bailey which is mortgaged for about as much as it is worth."

From the above it will be noticed that the Bailey brothers will come out of the wreck poor men having put up all their property to protect the interests of the people who put their confidence in them. Even Mrs. S. A. Bailey decided over her property to make good the debts of her husband's brother.

Mr. Caldwell has not heard from the receiver but expects his arrival in a day or so.

UNWELCOME GUESTS.

Government Steamers Dahila and Calumet in Port.

The government steamers Dahila and Calumet arrived in port at St. Joseph this afternoon.

The visit of the Calumet here last summer resulted in a long list of fines on the steamboat owners and the presence of the two visitors was not welcomed with a brass band.

EDUCATIONAL MATTERS.

How Pupils and Teachers in Public Schools are Occupied.

The Mandolin club furnished music for the high school one day last week. The ungraded room is nicely settled in the basement of the Congregational church.

The first and second grades at the Central are now relieved as to numbers and it is expected that work will be in better shape speedily.

All first and second grade teachers will meet at the first grade room at the Central building, Thursday afternoon at 4 p. m. These meetings will be held from time to time for the purpose of unifying and advancing the work.

Work generally in the schools is very satisfactory.

PASSENGER TRAIN WRECK.

Narrowly Avoided on the West Michigan Last Night.

A collision between a passenger train and a box-car on the West Michigan railway a mile south of St. Joseph was averted last night by a very narrow margin. Passengers were terrified when they learned of their narrow escape and trainmen shook hands with themselves after it was all over.

The West Michigan has made a business this season of setting out empty cars at Summit, a siding two miles south of St. Joseph, for the benefit of the fruit growers who stored their farm products in the cars during the day and at night the St. Joseph yard engine would run out and pick up the loaded cars.

Last night the yard engine was returning to St. Joseph with a train of cars procured at Summit and a defective coupling permitted one of the cars to detach itself one mile south of St. Joseph. The absence of a car was not discovered until the engine reached the city. It was then too late to undertake to get the car before the north bound passenger train, due in a few minutes, arrived.

By hurried work the telegraph operator at St. Joseph succeeded in warning Stevensville of the danger before the passenger train left that station, and thus a calamity was saved. The engineer was on the lookout for the derelict car and then avoided a collision. The passenger train pushed the car ahead to St. Joseph.

WILL GO TO NAPANEE.

Milwaukee, Benton Harbor & Columbus Railroad Has Issued Bonds for \$900,000.

WILL USE MONEY TO EXTEND.

The Road Will Tap a New Territory in Indiana and Connect With the B. & O.

In the Chicago Tribune of this morning appeared the following special from South Bend:

"A mortgage of \$900,000 has been executed by the Milwaukee, Benton Harbor & Columbus railway company of New York to secure the issue of 900 \$1,000 consolidated bonds for the purposes of securing funds with which to complete the construction of the road from Benton Harbor to Nappanee, Ind., and stock the same. The bonds run fifty years at 5 per cent."

When the proposed extension is completed the Benton Harbor road will be 75 miles long and it will open up a new country in Indiana as well as in Michigan not at present enjoying railroad facilities. At Buchanan the new road will cross the Michigan Central, at South Bend the Lake Shore and Grand Trunk, near Woodland the Wabash and at Nappanee will connect with the Baltimore & Ohio.

The more that President Patterson unfolds the plans of his railroad the more Benton Harbor rejoices because she secured the enterprise.

MORTON THE MAN.

He will be the Custodian of the B. H. E. R. R. Safe.

H. D. Deam and Messrs. Davies, Hamilton and Hollis have agreed upon a man to take charge of the safe and books of the Benton Harbor Electric Railway company. That man is Stanley J. Morton.

Mr. Morton is out of the city and may not return in two or three days. In the meantime the safe will remain locked. The Davies faction are willing to wait until Mr. Morton returns although, upon their request Judge Coolidge Saturday made an order that Deam open the safe within two days, the last day having expired yesterday.

Deam was opposed to Dr. John Bell having the custody of the company's books, for the reason that he is said to be interested in other railroads. Mr. Morton is satisfactory to both factions and if he will accept the position the court will appoint him to take charge of the safe and records and Deam will give him the safe's combination.

On the Dingley Bill and Much Dis-
puted Amendment to the
Dingley Tariff Law.

SAYS IT FAILS OF ITS PURPOSE

And Does Not Mean What It Was Intended
to Mean, if Senator Kibbie Is Correct—
Simply Makes the Old Law a Little
Clearer—Bill That Was Approved the
Same Day as the Tariff Bill Holds the
Attorney General.

Washington, Sept. 22.—In deciding that
the object with which section 22 was put
into the tariff law—during that bill's
consideration by the tariff conference
committee—has not been attained, At-
torney General McKenna says: "Three
plausible contentions are based upon
this section, which as to strength only
differ in degree. 1.—That the duty is a
discrimination upon importations in ves-
sels not of the United States, whether
directly to the United States or to a
contiguous country and thence to the
United States; 2.—a discrimination
against importation of goods (not in the
usual course of strictly retail trade)
from a contiguous country, they not be-
ing the products thereof. In this the
character of the vessel is not important;
3.—a discrimination against goods being
the production of a foreign country not
contiguous to the United States from a
contiguous country.

"In this contention the words 'come in-
to the United States' are used as designat-
ing movement only.

Takes Up the Second Case.
"The first case we are not now con-
cerned with, and the second is attempted
to be established by the following rea-
soning: The goods are Chinese or Japa-
nese production, hence the production of
a foreign country 'not contiguous to the
United States.' They come into the
United States from Canada, a contig-
uous country, and so it is urged that by
the letter as well as by the spirit of the
statute they are subject to the duty. It
is conceded that the importation is to
the United States—passage through Can-
ada being mere movement only toward
destination—the latter being the United
States. This being so, it would seem
that there was no reason to distinguish
between that importation and what may
be called in distinction a direct one—why
one should be burdened and the other
not burdened—when the discrimination
was not necessary to the main purpose
of the law.

Purpose of the Amendment.
"It is said that the purpose of the
amendment was to relieve the American
trans-continental railroads against the
competition of the Canadian Pacific rail-
road. It may be admitted that this is a
strong consideration, but on the other
hand, it is urged that this competition is
a benefit, and other American railroads
claim that the Canadian Pacific is a di-
rect advantage to them. How congress
regarded this conflict we have no means
of knowing. There was certainly no
avowal and the only expressions of mem-
bers which we have indicate a different
purpose than one which might or might
not have been entertained and which if
it had been entertained it would seem
the natural thing to have explicitly de-
clared.

What the Section Really Does.
"The section regards, as the law which
preceded it regarded, the transportation
of goods by sea. Its purpose was to se-
cure this to vessels of the United States,
by discriminating against transportation
not in them, primarily to the United
States, secondarily and to prevent evo-
sion to a contiguous country—Canada or
Mexico. The necessity of it to the effec-
tiveness of the law is obvious. It would
have been useless to have imposed a dis-
criminating duty on goods brought to
San Francisco in foreign vessels and
leave them free to go to Vancouver in for-
eign vessels and thence across the inter-
vening land to the United States."

DEPENDS ON VESSEL AND TREATY.

Finds Another Law Approved the Same
Day as the Dingley Bill.

Farther along the attorney general
says that the meaning of the law in
the cases cited depends upon (1) the
character of the vessel in which the
goods were carried to Vancouver; (2)
if in foreign vessels, whether the goods
were entitled by treaty or convention
to be entered in the ports of the United
States upon the payment of the same
duties as if imported in American ves-
sels. "I assume the vessels were not
of the United States, but British ves-
sels, and this brings me to our com-
munication of Aug. 17, in which you in-
quire whether Japanese goods are im-
ported from Chile in the British bark
Lurline to Philadelphia is also subject
to a discriminating duty. A law im-
posing discriminating duties has been
on the statute books in some form from
the time of the enactment of the first
tariff bill. Section 22 differs from the
law previously in force in that there
is omitted from it the words "by any
act of congress." Does this repeal sec-
tion 4228? It will be observed that
there are no words of express repeal.
Consideration of the effect of this on
section 4228 will be simplified by a
reference to contemporaneous legisla-
tion.

"On the same day the Dingley bill
was approved an act entitled 'An act to
authorize the president to suspend dis-
criminating duties imposed on foreign
vessels and commerce,' was approved.
This act provides that the president is
authorized to suspend in part the op-
erations of sections 4219 and 2502 so
that the foreign vessels from a country
imposing partial discriminating tonnage
duties upon American vessels, or partial
discriminating import duties upon Amer-
ican merchandise, may enjoy in our
ports the identical privileges which the
same class of American vessels and
merchandise may enjoy in said foreign
country.

"It will be observed that it recognizes
the existence of section 4228 and amends
it and enlarges the president's power
by this that could only be exercised
upon a discriminating duty was

...the Dingley Bill and Much Dis-
puted Amendment to the
Dingley Tariff Law.

"It follows, therefore, that section
4228 was not repealed by section 22 and
that the merchandise of both inquiries
is not to be subject to a discriminat-
ing duty."

NO DANGER OF AN EPIDEMIC.

The Late in the Season for Yellow Jack to
Do His Worst, This Year.

New Orleans, Sept. 22.—In an inter-
view Dr. Toussaint, one of the experts
of the board of health and a physician
of long and successful experience in
yellow fever epidemics, demonstrates
quite clearly by reference to statistics
of the past that it is not within the
bounds of possibilities that a yellow
fever epidemic should occur during the
present season.

The following is the daily official bul-
letin of the board of health: The board
of health of the state of Louisiana of-
ficially announces the status of affairs
in New Orleans as regards yellow fever
to be as follows: During the twenty-
four hours ended at 6 p. m. Tuesday,
Sept. 21, there were—positive cases of
yellow fever, 9; suspected cases under
investigation, 3; deaths, none. Total
cases of yellow fever to date, 67; total
deaths from yellow fever to date, 6. The
majority of cases under treatment are
reported as doing well. Nearly all the
first cases have recovered.

St. Louis, Sept. 22.—This city had a
yellow fever scare yesterday, but there
seems to have been but little founda-
tion for it, according to Health Com-
missioner Starkloff, who made an examina-
tion of the suspected case, and declared
that it showed not a single symptom
of the dread disease that is raging in
the south.

Vicksburg, Miss., Sept. 22.—The even-
ing report from Edwards was not so fa-
vorable, Dr. Funnell stating that the dis-
ease was assuming a more serious form
and that he had some cases of black
vomit. There were sixteen new cases
yesterday, making seventy-two to date.
Cairo, Ill., Sept. 22.—Dr. Guiteras has
diagnosed two more cases of illness here
as yellow fever—John Miller, at St.
Mary's infirmary, and M. Stevenson, of
the dredge boat Alpha, at East Cairo.
Ky. Local physicians claim that the
cases are only swamp fever and the peo-
ple refuse to believe that yellow fever is
here.

Mobile, Ala., Sept. 22.—There was only
one new case reported yesterday. One
case was discharged, leaving under
treatment twenty-eight, all of whom
are progressing favorably.

"Middle-of-the-Road" Wins.

Des Moines, Ia., Sept. 22.—The state
election board, consisting of the secre-
tary of state, auditor of state and the
attorney general, yesterday decided in
favor of the "middle-of-the-roads" in
the ballot contest case. The "middle-
of-the-roads" will be represented on
the ballot under the Peo-
ple's party name. The regular
people's party fused June 23 with the
Democrats and Free Silver Republic-
ans, the "middle-of-the-roads" bolted
and held a convention Aug. 19.

Coal Famine Becoming Acute.

the miners' strike. All the miners in
this county are out except a few in the
Christy mine.

of the United States in Northwestern

range are crested with eternal snow
and ice. Deep in their hollows are
lakes of great depth and crystal purity.
The flanks of the mountains are covered
with the finest timber in the United
States. Giant pines, cedars and firs
rise 100, 200 and even 300 feet in the
air. The streams race through wild
ravines and are full of mountain trout.

It is a paradise for the woodsman and
angler. The lakes have large and new
varieties of trout in them that fight vi-
ciously for life. It is a land little
known and explored, perhaps less so
than any region of equal area in the
United States.

THE Michigan Methodist conference in the past year paid out \$50,000 for the cause of missions. When it is known that the Methodists of Michigan are divided into two general conferences of about equal size the magnitude of the work of that church may be somewhat understood.

THE fact that the common council is again figuring with W. W. Bean for street lights calls to the public attention the need of a municipal lighting plant. The city can make its own lights at a great saving and the council and mayor who introduce the system will have the thanks of the people. Taxpayers are tired of paying exorbitant prices for street lights.

DURING the past year a Methodist minister of Berrien county was reported to Presiding Elder Carlisle because he attended a wicked ball game. At the Kalamazoo conference in rebuke to such religion Bishop Vincent said to the young ministers: "Don't get so sickly that you can't play a game of base ball or ride a bicycle; that's too much like piety run to seed. I have no sympathy with a religion of happiness. I want a religion of reality."

A YEAR or so ago when public meetings of the board of trade were held in the interests of the St. Joseph Valley road it was argued that a railroad only between Benton Harbor and Buchanan could not be successfully operated. At that time J. P. Thresher met the argument by declaring that railroad systems were not built, but that they grew. It is a matter of satisfaction that even before the road is finished the position of Mr. Thresher is vindicated.

Early American Bishops.
Before the war for American independence the American Episcopalians, who were connected with the English church, were never suffered to have a bishop among them, but remained under the jurisdiction of the bishop of London. The rite of confirmation was unknown, and every candidate for ordination was obliged to travel to England. Out of 52 candidates who came from America for ordination in 1767 10 died on the voyage. At length, after the United States had been declared independent, Dr. Seabury was ordained bishop of Connecticut by the primus and bishops of Scotland, the prelates of the English church having refused to consecrate him.—London News.

A "Dead" Man Tells His Story.
HOWARD CITY, MICH., July 21, 1897.
To Drs. B. S. & Co.
GENTLEMEN:—I am the dead man that came to see you three years ago last February. At that time I was about in my grave. No one that knew me ever thought that I would ever be any better. My kidneys, liver and lungs were all affected, also my digestive organs, producing heart trouble hence I was about done up and felt so. I did not think there was help for me, but as it is said a dying man will catch at a straw, I tried Drs. B. S. & Co. as a last resort and today am all o. k. on my feet again and have taken up wheat from a good man without trouble this harvest I raked and bound and kept up as of old. Who would believe it? No one who did not see me, for I was considered a dead man, or so to speak. When I first saw Dr. Booth, I am 64 years old and I called on Dr. Booth today, walking eight miles to see him, and am going to walk back this p. m., making 16 miles of walk today. I always like to see Dr. Booth and I feel he saved my life, hence I make this long walk. Will answer any questions that anyone wishes to ask about Drs. B. S. & Co., or their treatment. My address is Amble. **W. T. CARR.**

THE Ladies' Aid society of the Church of God will meet at Mrs. Beel's on Rifford street next Friday. All the members are expected to be present.

It is expected that the committee, appointed by the city council to inspect the Babcock Aerial hook and ladder truck, will go to Chicago next Friday.

THIS morning Lyman Munger brought suit in Justice Graves' court against the Benton Harbor electric for a labor claim. The case was adjourned one week.

THE Buss machine works may now be purchased for \$18,000. President Miller, of the board of trade, has written Ballhouse & Struben, the Kalamazoo manufacturers, to that effect.

THE Ladies' Aid society of the Congregational church will meet with Mrs. V. S. Hopkins tomorrow afternoon at 2 o'clock. All the ladies are requested to be present as there is business of special importance to be considered.

MRS. Burk has commenced action in Justice Cady's court against W. H. Hollis, secretary of the Benton Harbor Electric Railway & Transit company, to collect a board bill of \$48.88. The case will be heard before Justice Cady tomorrow.

THE passengers on the steamer City of Louisville were entertained on the over trip last night by seeing what sailors call jack lanterns. They look like balls of light and surround the masts of the boat, a result in the change of atmosphere.

THE EVENING NEWS Boys' band will play on the streets Friday night to advertise their special rate excursion to the Berrien Springs fair Saturday. The train will leave here at 7:15 Saturday morning. The low rate of 50 cents for the round trip has been made over the new road.

THE Current Events club will reorganize the first Monday in October. The members received so much benefit from last year's connections with the club that they prevailed upon Lawyer A. P. Cady to reorganize which he is disposed to do. Persons desiring to become members of the club may send in their names.

A VERY happy pedro party was given last evening by Mr. and Mrs. George Munger, Courtland street. The favors were very pretty, and two of them, those received by the unfortunate contestants, were decidedly unique, that of the lady consisting of a bottle of catch-up, and the gentleman's prize was a red beet, labeled with the lone word "got."

H. E. BELDING and C. D. Stuart are manufacturing an electric battery at the factory of Spencer & Barnes. The battery is an article which barbers will recognize as almost indispensable for the purpose of giving electric shampoos. Agents will be sent out to sell the battery. "Uncle Tom's Cabin."

Standard books are ever welcome when they come to us in bindings representing all the embellishments of the art of bookmaking. Such a book is the art memorial edition of "Uncle Tom's Cabin," published by the Dominion company, Chicago, a copy of which has just come to our desk. This edition of Harriet Beecher Stowe's immortal work which has drawn from the heart of humanity a deeper sympathy for the lowly and filled the eye with more tears of compassion as well as mirth than any other book ever published, and which has had a wider sale than any other book of the century, excels all former editions in the beauty of its binding, the richness and number of its illustrations, the quality of paper and clearness of its print. As this edition will be sold by subscription only and at a popular price, and as the publisher has a known reputation for his dealing and liberality toward authors, it is not an accident that our store was crowded all last week. Where the makers of books are gathered here and there, but if you want a copy of this edition, it is your duty to get it now.

Men Who Carried Insurance Get Prompt Returns.

Phoenix Accident & Sick Benefit association—Gentlemen:—I received today through your secretary, L. O. Chatfield, a check for \$72, payment in full for my claim. To say that I am well pleased with the manner in which you have treated me but faintly expresses my gratitude. The nine weeks that I was compelled to lay off from my work on account of the injury to my hand is evidence to me that any man who labors for his living does not use good judgment when he undertakes to carry his risk himself rather than place it with your association. The check I have received from you today will pay my insurance for six years. Wishing your association the success it deserves believe me

Very truly yours,
D. A. WILY.

Phoenix Accident & Sick Benefit Association, Benton Harbor, Dear Sir:—Please accept my thanks for the prompt manner in which you settled my claim of \$15.72 as full payment for my sickness caused by having the measles. I most heartily recommend your association to any one desiring protection in a reliable company.

The Key of Sheridan's Success.
General Horace Porter, in his "Cam ... paigning With Grant," in The Century, ... says, after describing the battle of Five ... Forks:

Sheridan had that day fought one of ... the most interesting tactical battles of ... the war, admirable in conception, brill ... iant in execution, strikingly dramatic ... in its incidents and productive of ex ... tremely important results.

I said to him, "It seems to me that ... you have exposed yourself today in a ... manner hardly justifiable on the part of ... a commander of such an important ... movement." His reply gave what seems ... to be the true key to his uniform suc ... cess on the field, "I have never in my ... life taken a command into battle and ... had the slightest desire to come out ... alive unless I won."

Facing the Music.
The spirit of this simile is used by ... John Bunyan in the meditation "Of the ... Horse and Drum," in his "Book For ... Boys and Girls; or, Country Rhymes For ... Children," published in 1686. Of the ... genuine Christian he says, inter alia:
Let drummers beat the charge or what they ... will.
They'll nose them, face them, keep their places ... still.

—Notes and Queries.

In some parts of South Africa much ... damage is done by baboons, which go ... in large marauding parties to rob gar ... dens.

... The ... of a mountain is a ... of ... many colors. These gather themselves ... into pools and lakes on the moun ... tain's side, covering an area of about ... 200 acres. Overhanging their bound ... aries they slowly trickle down the sides ... of the mountain forming small cliffs, ... the most wonderful in the world. From ... a distance one can hardly believe what ... the eyesight reveals—white, black, ... orange, lemon, terra cotta, green, blue, ... red, pink, separate and in manifold ... combinations stand out before him. It ... is a hill of painted cliffs on the sides ... of the mountain that rises high above. ... And the odd part of it is that each of ... these exquisite colors represents a dif ... ferent temperature. Does that startle ... your credulity? Even so it is true.

When through with this beautiful ... painting process, these waters again ... come together and then, as if full of ... mischief like a pack of small boys try ... ing to play hide and seek, dive down ... and remain under the ground for a ... space of two miles and then flow out ... from the mouth of a canyonite as one ... of the clearest, most beautiful, green ... streams imaginable. Where these ... waters emerge from the mountain into ... the little lakes they are hot, boiling ... hot. During their dark underground ... journey they fall several hundred feet ... and also many degrees in hotness, so ... that when they again see daylight they ... are much cooler. This then is Boiling ... River, an underground mountain ... stream of hot water.

But you ask, where is it? Where ... can I see it? It is in Yellowstone Park ... at Mammoth Hot Springs. It is one of ... the lesser, mind you the lesser—won ... ders of this land of wonders. Go there ... and see it by all means but first send to ... Chas. S. Fee, General Passenger Agent, ... Northern Pacific Railway, St. Paul, ... Minn., six cents for Wonderland '97, ... that tells all about this renowned region.

The unhappy Queen Marie Antoinette possessed an important library of 4,711 volumes, consisting of plays and romances, little books a la mode, the works of Pascal, Bossuet, Fenelon, Bourdaloue, Massillon, Boileau, Condorcet, Corneille, Moliere, Voltaire and many others. She loved music passionately and had a large collection of operas in 89 numbers. The bindings were by Blaisot and were uniform in red morocco, with the arms of France and Austria stamped upon them. The execution of the work was poor, and the decadence in the art of binding evident. The glories of the art of Padeloup and the Deromes had passed away, and the revolution effectually killed whatever knowledge remained of the ancient skill of the bookbinders. Half a century later saw its revival in France, and the art has since flourished both there and of English soil.—Gentleman's Magazine.
